The work described in this document has been conducted within the ECHO project. This project has received funding by the European Union’s Horizon 2020 research and innovation programme under grant agreement No. 830943.
What is the purpose of the Cookies?

We use cookies on our web site, which place technical session-control data in your browser’s memory.

Cookies, among other things, help to make your visit to our web simpler, more pleasant and more logically structured. Cookies do not do any damage to your computer’s hard disc and they do not transmit any of your personal data to us. Use does not mean that we receive new personal data about you as an online visitor. Most internet browsers accept cookies automatically.

Of course, it is perfectly possible to consult our web without activating cookies. Please note, however, that most browsers are programmed to accept cookies in their default configuration. You can prevent this by changing the appropriate setting in the browser options. If you set the browser to refuse all cookies, this may restrict your use of certain functions on our Website.

How can I control or delete cookies?

Most internet browsers are initially set up to automatically accept cookies. You can change the settings to block cookies or to alert you when cookies are being sent to your device. There are several ways to manage cookies.

You can block or delete cookies used on the Website via your browser options. Your cookie preferences will be reset if different browsers are used to access the Website. For more information on how to set the preferences for cookies via your browser, please refer to the following instructions:

- Chrome
- Firefox
- Internet Explorer
- Safari

Which types of Cookies are used?

The Website uses the following types of cookies:

- **Analytics cookies**, which allow the Data Controller to understand how users make use of the Website, and to track traffic to and from the Website.

Follows the details about the aforementioned cookies:

<table>
<thead>
<tr>
<th>Data controller</th>
<th>Cookie name</th>
<th>Purpose</th>
<th>Type of cookie</th>
<th>Persistence duration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Google</td>
<td>_ga</td>
<td>Google Analytics - logs application usage data in Google Analytics.</td>
<td>Third party cookie/cookie analytics</td>
<td>2 years</td>
</tr>
<tr>
<td>Google</td>
<td>_gat_gtag_UA_135191194_1</td>
<td>Google Analytics - used to throttle request rate.</td>
<td>Third party cookie/cookie analytics</td>
<td>1 minute</td>
</tr>
</tbody>
</table>
The work described in this document has been conducted within the ECHO project. This project has received funding by the European Union’s Horizon 2020 research and innovation programme under grant agreement No. 830943.

<table>

<td>cookie-agreed</td>
<td>Cookie that records whether the cookies notification pop-up has been acknowledged by a user.</td>
<td>First party cookie/browsing cookie</td>
<td>100 days</td>
</tr>
</tbody>
</table>

The Data Controller also uses **third-party cookies** – i.e. cookies from websites / web servers other than the Website, owned by third parties. These third parties will either act as independent data controllers from the Data Controller regarding their own cookies (using the data they collect for their own purposes and under terms defined by them) or as data processors for the Data Controller (processing personal data on the Data Controller’s behalf). For further information on how these third parties may use your information, please refer to their privacy policies:

- **Google**
  - Privacy Policy: [https://www.google.com/policies/privacy/partners/](https://www.google.com/policies/privacy/partners/)
  - Opt-out mechanism: [https://tools.google.com/dlpage/gaoptout](https://tools.google.com/dlpage/gaoptout)
- **LinkedIn**
- **Twitter**

**Google Analytics**

This website uses Google Analytics, a web analysis service operated by Google LLC. (“Google”) with registered office in 1600 Amphitheatre Parkway Mountain View, CA 94043 USA.

Google Analytics uses cookies as well. The information generated by the cookie in respect of your usage of this website is generally transferred to a Google server in the U.S., where it is stored. If IP anonymization is activated on this website, your IP address is truncated beforehand by Google within member countries of the European Union or in other countries that are party to the Agreement on the European Economic Area.
The work described in this document has been conducted within the ECHO project. This project has received funding by the European Union’s Horizon 2020 research and innovation programme under grant agreement No. 830943.

Only in exceptional instances is the full IP address transferred to a Google server in the U.S., where it is then truncated. Google will use this information on behalf of the operator of this website in order to evaluate your usage of this website, compile reports on website activity, and render further services to the website operator that relate to website usage and Internet usage. The IP address transmitted from your browser within the parameters of Google Analytics is not aggregated with other Google data.

You can prevent storage of cookies by adjusting the settings of your browser software accordingly. We would like to point out, however, that in such an instance you may not be able to use all functions of this website in their entirety. You can, furthermore, prevent Google from compiling the data generated by the cookie and relating to your usage of the website (including your IP address), as well as Google’s processing of such data, by downloading and installing the browser plugin available at the following link: https://tools.google.com/dlpage/gaoptout?hl=en
